## Save the Date!

### Indiana Finance Authority Sustainability Workshop

June 5th, 2008

### Indianapolis, Indiana

On Thursday, June 5, 2008, the Indiana Finance Authority Environmental Programs (the Indiana Brownfields Programs and Indiana State Revolving Fund Loan Program) will host the first IFA Sustainability Workshop. The Workshop will feature leaders in the developing field of Sustainable Infrastructure and Green Development. The theme of the Workshop is to promote sustainability through creative incentives.

The Workshop will address various Sustainability topics including: What is Sustainability? What are the benefits of including Sustainability in SRF and Brownfields projects? Why should I consider including Sustainability in a project? How can I add Sustainable elements? How the IFA will help pay for Sustainability Projects.

Panel discussions with national and regional experts will offer the opportunity to contribute your perspective and expertise in facilitated breakout sessions.

Following a keynote address, the Workshop will divide into an SRF and Brownfields track.

Key audiences: past, current and future SRF and Brownfields clients, mayors and town managers, municipal finance officials, utility superintendents, consulting engineers, financial advisors, real estate developers, and persons interested in learning more about how sustainability impacts SRF and Brownfields projects.

The information gathered from the workshop will be incorporated in new sustainable Brownfield/SRF initiatives.

If you are interested in sponsorship please contact Jessica Ewing at 317/234-1279 prior to April 11, 2008.

Professional Development Credit Hours Available.
